An Industrial visit was organized by the college to Akshaya Patra which is located in Vrindavan. The Akshaya Patra Foundation is a not-for-profit organisation headquartered in Bengaluru, India. The organisation strives to fight issues like hunger and malnutrition in India, by implementing the Mid-Day Meal Scheme in the government schools and government-aided schools. Their aim is not only to fight hunger but also to bring children to school. Since 2000, the organisation has worked towards reaching more children with wholesome food on every single school day.

Akshaya Patra is continuously leveraging technology to cater to millions of children. Its state-of-the-art kitchens have become a subject of study and they attract curious visitors from around the world.

Our students got the exposure of efficient management of food processing employed by the Akshaya Patra.

The visit was a grand success. Students enjoyed a lot . They requested to organize such type of visits in future also.
